Letter of Appreciation

It is my pleasure to thank you for your successfully completion of our new warehouse cum office.

You worked well with both with us and our consultant team to ensure the project was completed on time and according to requirements. We appreciate your support, positive and proactive attitude to the challenge of the project. Nevertheless, your introduction and implementation of PEB (Pre-engineering building) concept to our building had brought the industry to a greater milestone. We believe your professionalism and attention to customer service can propel your office to greater heights.

We wish you every success in future.

Yours sincerely

Daniel Ong
